

EDUCATION

Case Western Reserve University – Cleveland, OH

Master of Public Health (Concentration: Population Health Research) – Expected: May 2027

- Current GPA: 4.00/4.00

Relevant Coursework: Intro to Epidemiology; Statistical Methods; Secondary Analysis of Large Healthcare Databases; Design & Measurement; Econometrics

Case Western Reserve University – Cleveland, OH

Bachelor of Arts in Economics & Psychology, Minors: Biology & Chemistry – May 2023

- GPA: 3.81/4.00 | UAA All-Academic Honors | University Scholarship Recipient | magna cum laude

RESEARCH EXPERIENCE

Research Lab Technician | Louis Stokes Cleveland VA Medical Center | Cleveland, OH

Feb 2022 – Jul 2023; Apr 2024 – Present

- Conduct research in Dr. Ivy Samuels' laboratory investigating diabetic retinopathy using mouse models of diabetes, including db/db and streptozotocin-induced models, with a focus on retinal dysfunction and disease progression.
- Perform and analyze experimental procedures including electroretinography, immunohistochemistry, cryosectioning, microdissection, and tissue processing; contribute to data interpretation, manuscript development, and training of undergraduate researchers.

Animal Facility Technician | Louis Stokes Cleveland VA Medical Center | Cleveland, OH

Mar 2026 – Present

- Conduct routine animal health and welfare rounds, monitoring mice for changes in appearance, behavior, and overall condition while maintaining accurate documentation.

ADDITIONAL EXPERIENCE

Hostess | Oliva Steakhouse | Cleveland, OH | October 2025 – Present

- Manage guest flow and seating strategy in a high-volume, upscale dining environment, optimizing table turnover while maintaining service quality and guest satisfaction.

Emergency Medical Technician | A-TEC Ambulance | Crystal Lake, IL | Oct 2023 – April 2024

- Delivered patient care in high-pressure environments, requiring rapid assessment and decision-making.
